

## **PROGRAMMA Ubiquiti Enterprise Wireless Admin (UEWA)**

**16 ore**

### **Parts I: WLAN Fundamentals**

Unlicensed Radio Spectrum

Channel Operation

Regulatory Domains

WLAN Standards

Wireless Access Methods

Network Equipment

### **Parts II: WLAN Planning**

Wireless Technology

Coverage & Channels

TX Power

Antenna Gain

Channel Availability

Signals vs. Noise

Airtime, Capacity & Density

Mixed Networks

### **Parts III: Deployment**

Site Surveys

Overlap

Wiring & PoE

Benchmarking

### **Parts IV: Basic Adoption & Configuration**

Multi-Site

Layer-2 Adoption

WLAN Groups

SSID, Security & VLANs  
Analytics

### **Parts V: Advanced Adoption & Guests**

Cloud Hosting

Layer-3 Adoption

Discovery, SSH, DNS & DHCP

Minimum RSSI

Zero-Handoff Roaming

Guest Portal

Access Controls

Customization
